## GOING ON A BEE HUNT

Instructions: This game is an adapted version of the popular “Going On a Bear Hunt.” If you are unfamiliar with this game, there are several YouTube clips that you can view in order to understand the rhythmic, repetitive nature of it. To start, everyone sits in a circle and pats his/her legs. Once you have established a steady beat, the leader begins and the children repeat what is said and any actions. You can use a drum beat if you prefer.
